CUT OUT THIS FREE WATCH

Step 1. Hold the “sizes” end of cutout with one hand and lay printed side down on flat surface. Place your wrist on the guage to hold it in place.

Step 2. Wrap the “sizes” end of cutout around your wrist and hold in place.

Step 3. Wrap the “marker” end of cutout over the “sizes” and pull it until it’s snug. Be careful not to tear the paper guage.

**Whatever size is fully visible, that’s your size!
If the black line on the “marker” end covers any part of the size letters, choose the next size down.**

eg. XL to L, XS to XXS
